Secret Service, White House, October 16, 1947.

STAT

[] is not in their protective files of serious cases.

Check was made with the general White House files which indicated
that on March 12, 1947

"Wants help to find employment for men over 40.
Asked that investigation be made. Congratulated
the President on his message against Communism."

The matter was referred to Department of Labor for consideration
and reply.

(Mr. Hutchinson photographed [] last letter for
their file and will inform us if anything comes up on him in

Dear Mr. Barry:

Guess I owe you an appology! - yesterday I wrote you a sarcastic letter because I thought you had "brushed me off" with that reply to the effect that you turned my letter over to C. Intelligence.

Today I received a courteous reply from Rear Admiral R. H. Hillenkoetter -- indicating that he had read my comments on Red Russia versus the civilized Christians of the world. -- Well, I've said my piece though I know it will have little effect on the shape of things to come.

Sincerely,

Mike (signed)

Dear C. J. Barry:

So, you sent my letter to the Dir. of Central Intelligence! So what? That's no answer!

I'm a good citizen, and from a long line of Americans from Revolutionary Days -- and by gum, I'm entitled to a decent reply to the letter I sent to the Sec. of Defense. -- Furthermore, I'm no more "crackpot" than you are, just because I write a frank, outspoken letter. I suppose you think everybody who dares to open his mouth against the Reds is a "crackpot" or a "Facist".

I repeat, Why are you brass hats in Washington letting America grow weaker while permitting the Reds to grow stronger?

Our Navy, Army and Air Corps all shot to Heck -- our big plane plants and shipyards idle while Russia increases her might! What is the use of maintaining an office of "Defense" and paying people like you to forward citizens letters to some other office, and from there to the waste basket?

I realize that certain information must be kept secret from the public, but you guys are keeping too darned much from us!

What do you want to do? -- Let us all be surprised some day with Red bombs exploding all over us?

Why don't you folks get off the dime, and get something done instead of talk, talk, talk, and wait, wait, wait!?

As an investigator of subversive activities on an Eastern Sheriffs force in 1933 -- As an undercover counter-spy for the U.S. Army in 1942 -- I associated with commies of every ilk, and I have factual information which has made me so dog-goned angry I'd like to drop a bomb right now on Moscow which harbors a far greater enemy than Hitler ever was!

The chances are such letters as mine never do reach the top men 'cause there are probably too many Reds acting as clerks who see to it that opinions unfavorable to Communism are destroyed.

--And I know several other good, American citizens who are getting fed up with the way you guys are letting the country "go to pot"!

Dear Mr. Forrestal:

America is faced with a war far, more terrible than W. war No. one -- and, I'm sure you realize it.

Why does the government keep the American public "in the dark"?

Anybody with an ounce of brains could have seen this thing shaping up, even ten years ago -- and yet we've let our armed services disband, and deteriorate while Russia has furiously prepared for the inevitable! Why -- why?

Please come out point-blank and inform the people of what's in store for them. Put America back on a war footing, and for God's sake don't let the Reds get the first blow in!

I'm not psychic, but I know what I'm talking about. I was a counter-spy in 1942 -- and was under orders to join the Communist party. I heard them with my own ears plan to replace our Republic with a Red Dictatorship.

Here we are growing weaker all the time Russia grows stronger, and the "brass-hats" beat their gums among themselves, yet do nothing!

I wish you'd authorize me to drop an atomic bomb on Moscow -- I'd gladly do it tomorrow even if it meant sure death. I, for one, would much rather die than ever live to see those fiendish atheists take over our country.

Even if we sent every pound of food in America to Europe we couldn't save them from the Reds. Nothing but BOMBS will ring down that "Iron Curtain".

Let's wake up before we're too late.

Best of luck in your new job.
